

Boy recovering from serious mower accident

KINGS MOUNTAIN — An 8-year-old boy is recovering in the hospital but will need multiple surgeries after his leg was caught in a lawn mower blade July 25. The boy, Austin Snow of the Kings Mountain com-

munity, has "lost a few toes" and could lose his foot and part of his leg, depending on how things go, said Tammy Bowen, Austin's aunt, on Friday.

Austin, who lives along Ky. 501 with his grandmother, was staying at Bowen's house a few miles down the road while his

grandmother went to the doctor, Bowen said.

"Before she left, she told him not to be around the mower because my son, Nathan, was mowing," Bowen said. "... I had went to the bathroom."

"He snuck outside, ran down there and jumped onto the mower."

Bowen said according to her son, Austin got on top of the hood of the mower. Her son tried to stop the mower and turn it off immediately, but "before he could, (Austin) slipped off ... and went under it."

"He pulled him out from under it, drug him to the house and laid him right

here by the door," Bowen said.

Waynesburg and Stanford paramedics responded to the scene, where they found Austin with "a pretty severe injury to the right leg," Stanford EMS Director Ashley Powell said.

"It wasn't life-threatening

but it was limb-threatening potentially," Powell said. "He was stable when they transported."

Family members had controlled Austin's bleeding before paramedics arrived, Powell said.

Former judge-exec located in Ohio

CRAB ORCHARD — A Lincoln County man in his 70s who suffers from Alzheimer's was found Sunday night at a Kroger store in Portsmouth, Ohio, after leaving his home unexpectedly earlier in the day.

John Sims, a former Lincoln County judge-executive and sheriff, left his home near Crab Orchard at some point before 3 a.m. Sunday, said Don Gilliam, Lincoln County Emergency Management director.

It's unknown exactly when Sims left — it's possible he left before midnight, Gilliam said.

Lincoln County Sheriff Curt Folger said Sims drove off in a 2008 white Ford Ranger with a black toolbox in the back.

"He had approximately half a tank of gas ... and the money in his pocket," Folger said.

Sims' wife woke up to find her husband gone and

Reaching out: Pastor, jailer create church coalition to aid in supporting inmates, families

By Ben Kleppinger

STANFORD — The Wednesday service at New Covenant Church last week began like any other church service might — with announcements and prayer requests.

But included in the prayer requests listed by Pastor Joel Rowland were several items that you might never hear at other churches.

"Good to see Candace here — she just got back out of jail and we're glad to have her in here tonight, amen?" Rowland said. "... and remember sister Janie? She went back to jail this week. She's going to

spend her time — looking at probably about a year she's got to serve out, so let's just remember her, that the seed of the word got planted in her heart. She was able to be faithful for a long time before she had to go back."

Rowland's church, which has a congregation made up largely of former inmates and their families, is spearheading an effort to get more religious organizations involved in ministering to prisoners in the Lincoln County Regional Jail.

County says goodbye to retirees with almost 50 years of service between them

By Ben Kleppinger
ben@theinteriorjournal.com

STANFORD — Lincoln County has said goodbye to not one but two senior officials this week, who retired July 31 with more than 47 years of experience and a good amount of shared history between them.

Lincoln County Treasurer Teresa Padgett retired after 25 and a half years and Occupational Tax Administrator Pat Young — the only occupational tax administrator Lincoln County has ever had — retired with more than 22 years under her belt.

"I will miss the people, but I'm looking forward to having time at home and just being a wife, mother, grandmother and great-grandmother," said Young, who is 70 years old.

The history of the two in

Lincoln County government stretches back through five judge-executives, back to when computers hadn't yet replaced typewriters or good old fashioned pen and paper.

Padgett said she still remembers the big ledger books filled with checks and how her hands would feel after a day filled with manually creating records.

Padgett began her career with Lincoln County in January 1988. It was Young who, at the time worked in Judge-Executive John Sims' office, helped get Padgett hired.

The county was looking for someone part-time who could work on a grant for road signs and Young said she thought Padgett would be a good fit. She contacted Padgett's sister, got a phone number for Padgett and gave her a call.

Padgett said in order to

work on the road-signs grant, she had to travel all over and work with Lincoln County's different post offices.

"That was actually fun because I got to meet a lot of different people in a lot of areas of the county," she said.

As Padgett worked in the courthouse, she got to know then-Treasurer Minor Teague.

"He and I got to be friends and I would help him with reports and different things as needed," Padgett said. "When he got ready to retire ... he recommended me for the position and I was fortunate enough that the fiscal court hired me."

Young began her Lincoln County government career two years before Padgett, when she was hired as an administrative secretary for Judge-Executive Sims when

According to Kentucky State Police, Jenkins was intoxicated while operating a dump truck on Sept. 7 when he crossed over the centerline of U.S. 62 east of Lawrenceburg and struck a Toyota passenger car driven by Marie Garmon of Lawrenceburg head-on.

Garmon had to be extricated from the car and died days later from injuries suffered in the crash.

Fiscal Court votes for hearing on tax increase

By TODD KLEFFMAN
tkleffman@amnews.com

STANFORD — With Judge-Executive Jimbo Adams casting the deciding vote, Fiscal Court voted 3-2 Tuesday to hold a public hearing over a possible 0.3-percent increase in Lincoln County's property tax rate.

Joining Adams in favor of the public hearing were magistrates David Faulkner and Lonnie Pruitt. Magistrates Johnnie Padgett and Joe Stanley voted against it.

The vote does not mean property tax rates are going to rise above the compensating level that would bring in roughly the same amount of tax money as last year; it just means the public will be able to air opinions on the tax rate before magistrates vote on the matter.

PVA David Gambrel explained the county could go with the compensating rate of \$9.60 per \$100 of assessed property value, which will

Public opinion more favorable toward gay rights issues

‘Fifty-two percent of Americans believe businesses providing wedding services to the public can be required by government to provide services to same-sex couples ...’

In the wake of two favorable Supreme Court decisions, gay rights proponents got another boost this month with the release of “State of the First Amendment: 2013,” a public opinion survey supported by the First Amendment Center.

According to the new poll, a majority of Americans (62 percent) now agree that religiously affiliated groups receiving government funds can be required to provide health benefits to same-sex couples, even if the group has religious objections to same-sex marriage or partnerships.

Support for equal treatment of gay couples is highest among young people ages 18-30 (68 percent) and among Americans who identify as liberal (82 percent).

But a surprising number of evangelicals (41 percent) and conservatives (44 percent) — groups usually identified as opponents of same-sex marriage — also favor requiring religiously affiliated groups receiving tax dollars to provide health benefits to same-sex partners.

When government funds aren’t involved, public support for equal treatment of gay couples drops to a slim majority.

Fifty-two percent of Americans believe businesses providing wedding services to the public can be required by government to provide services to same-sex couples, even if the business owner has religious objections to same-sex marriage.

Here again, support for nondiscrimination on the basis of sexual orientation is highest among people under 30 (62 percent) and liberals (70 percent) and lowest among conservatives (34 percent). Non-religious (59 percent) and Catholic (61 percent) Americans are more likely than Protestants (39 percent) to support requiring businesses to serve gay couples on the same basis as other couples.

These findings suggest the gay civil rights movement has reached a tipping point in the United States. For a growing majority of Americans, sexual orientation is fast joining race and gender as a human trait that should not subject any person to discrimination.

INSIDE THE FIRST AMENDMENT

Charles Haynes
Guest columnist

For people with religious objections to homosexuality, this trend toward equal treatment for same-sex couples is seen as a threat to religious freedom.

Religiously affiliated groups, they argue, must be free to follow the teachings of their faith — even when taxpayers fund the social services they offer. And private business owners offering wedding services should have the right to turn away same-sex couples on grounds of religious conscience.

Proponents of same-sex marriage have acknowledged the need to guard religious freedom — but in much more limited ways.

States that recognize same-sex marriage, for example, have re-stated in various ways the right of religious groups to define marriage according to the tenets of their faith. Under the First Amendment and various state laws, no house of worship or religious leader can be forced to marry same-sex couples or recognize same-sex marriages.

But advocates for marriage equality — now supported by a majority of Americans — draw the line on religious freedom when religious groups take government funds or when private businesses open their doors to the public.

When two cherished rights clash — the right to be free from discrimination and the right to follow the dictates of religious conscience — society must make painful choices that inevitably uphold one at the expense of the other.

According to the latest numbers, most citizens now believe that our commitment to non-discrimination must trump religious objections to homosexuality in the public square of America.

Looking back at what made news in Lincoln County

Originally published July 29, 1993: SCUBA DIVERS from the Somerset-Pulaski County Rescue Squad prepare to begin diving Sunday at the city lake where Maurice Wilkinson drowned. The divers recovered Wilkinson's body about 9:30 p.m.

20 Years Ago

Originally published July 29, 1993

About 20 years ago, Lincoln County was dealing with a tragic drowning on the Stanford city lake. As sad as this story is, hopefully it will serve as a reminder this summer to be careful while having fun.

Just this week, a Kings Mountain boy suffered a scary injury from a riding lawn mower when he wasn't careful and tried to have fun without thinking. Fortunately, the boy will live; there could have been a much worse outcome, as this archived story, originally published in The Interior Journal on July 29, 1993, shows:

Maurice Wilkinson, 17, drowns in city lake

Joda Maurice Wilkinson, a popular and talented senior at Lincoln County High School, drowned Sunday while swimming with friends at the Stanford City Lake on Jumbo School Road.

Wilkinson, 17, was described by witnesses as a “poor swimmer.” He was about 25 yards from either shore in a small inlet off the main lake when he panicked, flailed in the water nearly pulling down a friend, Marti Morgan, who was trying to help.

Wilkinson disappeared under the surface before his swimming companions, Morgan, Jeff Durbin, Daphne Logan and Tony Alcorn, could save him.

Rick Muse, Kentucky Water Patrol officer in charge of investigating the drowning, said that Durbin and Logan reported to him they were about 15 feet away from Wilkinson when he went under the surface of the water. When they arrived at the spot they had last seen Wilkinson,

they dove as deep as they could but were unable to locate him. The body was recovered in water 18 to 20 feet deep less than a yard away from where Wilkinson's companions reported seeing him for the final time.

Muse said that the depth of the water at that spot would make it difficult for anyone to have found Wilkinson without Scuba gear.

The drowning was reported to the McKinney Rescue Squad about 5 p.m., and emergency service workers from McKinney, Waynesburg and Stanford began searching with drag lines from boats.

Search dogs from the Central Kentucky Search Dog Association and Scuba divers from the Somerset-Pulaski County Rescue Squad were summoned to help in the search for the youth. Darkness fell shortly after the divers entered the water so portable generators and lights were used to illuminate the inlet where the search was concentrated. Divers recovered Wilkinson's body about 9:30 p.m.

Muse said that preliminary autopsy results were consistent with drowning, and there was no indication that anything other than his poor swimming ability was involved in the tragedy.

Wilkinson would have been a senior at Lincoln County High School in the coming school term.

During his three years at the school, Wilkinson was popular with fellow students, well liked by the faculty and became known as a talented singer.

\$34 million base epitome of waste

Year after year, we learn about millions of taxpayer dollars being wasted on silly, unnecessary projects that are little or no help to the average citizen.

It is frustrating for Americans to hear how their hard-earned money is being squandered.

The latest example of how our federal government chooses to spend our tax dollars is the building of a \$34 million command headquarters in Afghanistan that will probably never be used.

News of the mega-base in southern Afghanistan recently came to the attention of a congressional oversight committee.

SIGAR, which stands for the Office of the Special Inspector General for Afghanistan Reconstruction, described the base as a "potentially troubling example of waste."

Special Inspector General John Sopko told Congress that some U.S.

commanders opposed the 20,000-square-foot installation's construction in 2010. But a year later, a British firm was hired to build it. Originally, it was planned to serve as a regional command headquarters in the country's southern region. It was designed to house 1,500 staff.

But now, military commanders say it is unlikely to ever be occupied by military personnel.

It stands to reason that U.S. commanders on the ground would be better informed of the need of a \$34 million base in southern Afghanistan that some bureaucrat sitting in Washington, D.C.

Input from commanders on the ground should've been heard by officials in Washington before this was ever even built.

To add insult to injury, when U.S. troops leave the country, they will have to destroy the facility or turn it over to Afghan officials.

Since we are leaving and relinquishing fighting to the Afghan Army, it appears — since the facility is already built — that it would make more sense to turn it over to Afghan officials and troops than it would to tear it down.

Building this base against several U.S. commanders' advice and on the dime of the U.S. taxpayers is a joke. We believe that \$34 million could have been used in other places in Afghanistan that would have benefited the war effort and those who are fighting.

This is just one more example of our federal government mindlessly spending our money without any respect for those who foot the bill.

The people responsible for the approval of this base are incompetent and should be fired.

An encouraging word:
An inevitable reality

By Howard Coop

On a recent Saturday morning, I drove across the square in our town. It was deserted; not a single soul was visible on the walks. A few cars were parked around the square, but less than one fourth of the parking spaces were occupied. Not a single car was parked in one quadrant of the square.

Then, I remembered another Saturday morning many years ago when I crossed that square. Things were vastly different then; there was much activity. The walks were crowded with people, and they were rushing from store to store. Every parking space was occupied, and persons were driving around the square looking for a place to park.

It is a fact of life; things do not stay the same. Time passes, and things change. Sometimes, that change is dramatic. Heraclitus, who died 1,372 years ago, said, "There is nothing permanent except change." Then, about a hundred and fifty years ago, Anatole France wrote, "We are never two minutes the same."

Change is everywhere. It occurs in every area of life. Henry Wadsworth Longfellow wrote, "All things must change to something new, to something strange." Change is an inevitable reality, and it occurs all around us all the time in everything.

Change impacts our lives, and, sometimes, that impact is dramatic. About twenty three hundred years ago, Aristotle, said, "Change in all things is sweet," but that's not always easy to grasp, for change can be difficult to handle, and how we handle it makes all the difference.

We are created to grow toward maturity, and growth is change. Gail Sheehy put it this way: "If we don't change, we don't grow. If we don't grow, we aren't living." Change occurs everywhere, but the important change is personal. A C. Benson said, "More often a change of self is needed more than a change of scene." Then, Norman Vincent Peale put change in proper perspective when he wrote, "Change you thoughts and you change your world."

Michael A. Case, 62

Michael A. Case, 62, of Danville, passed away Friday, July 26.

Born Sept. 11, 1950, in Lexington, Michael was a son of the late James W. and Cecile Abbott Case. He was a member of Willow Grove Baptist Church and co-owner of K. C.'s Gymnastics in Danville. He also was a physical education teacher at Hustonville Elementary for many years where he had a great impact on many children's lives. Michael was an avid University of Kentucky athletics fan, loved coaching gymnastics, hunting, fishing, archery and just about anything outdoors.

Survivors include his loving wife of over 42 years, Kathy Case; one son, Benjamin James (Kimberly) Case of Boyle County; one daughter, Kristi (Kurt) Landversicht of Jessamine County; one brother, Robert Lee (Carol) Case of Fayette County; five grandchildren, Kadin Daddy, Gunner Case,

Jalynn Landversicht, Kylie Landversicht and Emma Kate Landversicht; and many other family and friends.

Funeral services were July 30 at Preston-Pruitt Funeral Home with Bro. Brad King officiating. Cremation rites were honored. The family will have a private memorial service at a later date.

Memorial contributions are suggested to the ALS Association Kentucky Chapter designated to "Team Hardcore Case" which is a team of family and friends who are raising money in Michael's honor to help cure this terrible disease.

Leon Glass, 86,

Leon Glass, 86, of Eubank, passed away Wednesday, July 24, at his residence.

Born June 28, 1927, in Eubank, Leon was a son of the late William "Will" and Myrtle Roark Glass. He was a retired security guard for Oakwood and a car man for Illinois Central Gulf Railroad.

He was also preceded in death by his wife, Shirley Ann Godby Glass, whom he married on Jan. 11, 1952 and who died on Dec. 29, 2010; one son, Ricky Leon Glass; brothers and sisters, George Glass, Emma Goble, Susie Cress, Paul Glass, Eugene Glass, Mary Lee Glass, Vivian Glass and two still born infants.

Survivors include four children, Betty Lou (Barry) Glass Taylor of Somerset, Danny Lee Glass of Eubank, Janet Nadine (Linville) Patterson of Kings Mountain and Judith Ann Carroll of

Stanford; two sisters, Laverne Ford of Cincinnati, Ohio and Evelyn Ruby Richards of Georgetown; grandchildren, Katie Wayne Taylor, Niki Lou Taylor, Stephanie Patterson, Sonny Patterson, Tyler Glass, Brian Glass, Michelle Carroll, Jason Harville and Jeremiah Harville; and several great-grandchildren.

Funeral services were July 27 at Morris & Hislope Funeral Home in Science Hill with Bro. Gordon Chaney officiating. Burial was in Science Hill Cemetery.

Lizzie Alice Yocum, 93

Lizzie Alice Yocum, 93, of Orchard, and Jessie B. Stanford, died Saturday, July 27, at Liberty Care Center in Liberty.

Born Dec. 6, 1919, in Lincoln County, Lizzie was a daughter of the late Gene and Rhoda Ellen Brown Reynolds. She was a member of the Pentecostal faith and was the widow of Edward Clay Yocum.

Survivors include two sons, Tom Yocum of Crab

Orchard, and Jessie B. Yocum of Stanford; two daughters, Rosie Scharbough of Stanford and Elvina Smith of Kings Mountain; 30 grandchildren; several great-grandchildren; and several nieces and nephews.

At the beginning of the service on Sunday, Jone Anderson provided special piano music.

Bro. Johnny Baker's message was taken from Revelation 1:1-5, where Jesus is called "Alpha and Omega." He said this is one of his favorite names of Jesus. He said this name is used three times in the bible, all in Revelation. Alpha and Omega is the first and the last letters in the Greek alphabet. Jesus is the first and the last, Bro. Johnny said, and everything in between. God was at the beginning of life, and will be at the ending of history, as the world knows it. Nothing can exist without God.

In Revelation, Jesus is

speaking to John, who is in a cave in the isle of Patmos. John is old and must be remembering when Jesus was beaten and crucified, and then going to Jesus' tomb and finding he had risen.

We often don't ponder enough on who Jesus really is, Bro. Johnny said. Many don't see him as the Son of God. He is God, the Christ that came to earth for you and me. He needs to be the Alpha and Omega of your life every day. (end of sermon summary)

Judge Maguire to be honored

The Office of Supreme Court Justice Daniel Venters announces that on Thursday, Aug. 8, at 4 p.m. in the circuit courtroom of the Pulaski Judicial Center in Somerset, retiring Judge Walter F. Maguire will be honored for his many years of service as a judge of the District Court and judge of the Family Court Division of the Circuit Court of the 28th Circuit by members of the bar of the 28th Judicial Circuit, comprised of Lincoln, Pulaski and Rockcastle Counties.

Judge Maguire began his judicial service in 1978 as a district judge for Pulaski and Rockcastle Counties and served in the office for a total of 23 years. He is

credited with formally establishing the rules and processes of the first district court in the 28th Circuit, and building the solid foundation upon which the district has operated for the past 30 years. From January, 2006 until July, 2013, Judge Maguire served as a Circuit Judge in the Family Court for Lincoln, Rockcastle and Pulaski Counties, managing the highest caseload of any Family Court judge in Kentucky. The program will include the presentation of a scholarship named in honor of Judge Maguire, and an expression of gratitude for Judge Maguire's service to the community.

Members of the public

and friends of Judge Maguire are invited to attend and wish the Judge well in his retirement.

Heritage Hospice offers grief camp

Heritage Hospice, Inc., is partnering with other agencies to offer a weekend grief camp for ages 6 to 12. Camp Hope will be Sept. 6-8 at Cathedral Domain Camp and Conference Center in Irvine. Children who have experienced the death of a loved one within the past two years can attend.

Space is limited for weekend campers. Registration is required by Aug. 30.

Registration fees are \$30 per child or \$35 per family if more than one child is attending. Camp scholarships are available if needed.

This camp is held with other staff from other Kentucky hospices. For more information or to obtain a registration packet, contact Angie Hoskins at Hospice of the Bluegrass at (859) 277-2700 or 800-876-6005.

Notes from Sara Givens

By Sara Givens

You know, there are situations that require choices, some we can handle and some we can't, but whatever we face, let us choose to lift all of our situations to God in prayer. He can fix it!

Mrs. Sara Jones remains a patient at Ephraim McDowell Regional Center.

Mrs. Aretha Garr of Winston-Salem, N.C., was here visiting family. While here she visited her father, Mr. Alvin Garr who is very ill and she decided to take him back home with her.

Mrs. Fredia Givens and her daughter, Ms. Prudella Givens are in the hospital. Please continue to prayer for the sick and shut-ins.

Sympathy is extended to the family of Mr. Joshua Cooper. The memorial service was held at Spurlin Funeral Home in Lancaster on Wednesday. Mr. Cooper is the husband of Mrs. Margaret Pennington Cooper.

Mrs. Jennette Napier has returned home after visiting with her daughter and son-in-law, Sonia and Jason Turner of Clayton, N.C.

Miles and Preston Suter of Atlanta, Ga., spent several weeks with their grandparents, Mr. and Mrs. James Suter.

Congratulations to Mr. Tevin Stateman and family on the birth of their daughter, Amaya Stateman weighing in at 6.6 pounds and 19 inches long.

On Sunday, the members of Boneyville Baptist Church honored their pastor with an appreciation service. Elder Robert Coulter, Jr., and the first lady, Mrs. Cammie Coulter celebrated their 14 years of service at Boneyville Baptist Church. Elder Christopher Simpson brought a powerful message during the morning worship service and Rev. John D.

Stanford Christian Church
The old mantle clocks had to be wound every seven days. There would seem to be some spiritual significance to that reality. Like the bumper sticker which says “seven days without prayer makes one weak”, so it is with our lives. Come worship with us this Sunday. Worship begins at 10:50 a.m. at the Stanford Christian Church, 200 East Main Street (next to the Courthouse). It could re-wind your life.

Waynesburg Church of Christ services
Waynesburg Church of Christ invites you to worship with them. Bible study is Sunday morning at 10 a.m., morning worship at 11 a.m., Sunday evening worship is at 4 p.m. and Wednesday service is at 6 p.m. Preacher, Owen Thomas.

Sunday morning, Stanford Church of the Nazarene was blessed by the wonderful worship service as we raised our voices to praise the Lord and learn from His Word during Sunday school and morning worship service on Family Reunion Sunday! We started off with the taking in of several new members and the presentation of Bro. Dennis Hasty’s Local Minister’s License followed by Bro. Buford bringing the message from Genesis 45, on the subject of “Family Reunion,” then followed by the baptism of new believers!! We topped the day off by an old fashioned family reunion cookout at the fellowship hall!
Come out Wednesday

night for Christian Education Night. Our kids meet weekly and our adult class dubbed, “THE BOOK” club has begun a new small group study titled, “Articles of Faith,” digging deep into our shared Christian beliefs! Come join us each Wednesday night as we dig into God’s Word!
The youth are currently selling T-Shirts as a fundraiser! We have all sizes, and available colors are lime green, hot pink and aqua blue! Sizes up to XL are \$10 and XXL and above are \$12. Put in your order today!
The Jail Ministry meets every Sunday at 2:30 p.m. and the Nursing Home Ministry the first Tuesday of each month at 2 p.m. For

more information, or to learn how to get involved, contact the church and leave a message.
The ladies meet the first Tuesday of every month at 6 p.m. in the fellowship hall. Their next regular meeting will be Tuesday, Aug. 6.
The Men’s Group meets every other month on the second Monday of the month. For our next meeting we will be gathering at the fellowship hall on Saturday, Sept. 21 at noon for a horseshoe tournament and fish fry! All men are welcome. Come out and join us!
The church has an active food assistance program. If you know of anyone or have a need yourself, leave a message at the church.
Service times: Sunday school starts at 10 a.m., Sunday morning worship begins at 11 a.m., Sunday evening services at 6 p.m. and Christian Education Night is every Wednesday beginning at 7 p.m.
For more information about our youth group and children's programs, email the directors by logging on to our website at www.stanfordchurchofthenazarene.com

The Lincoln County Baptist Association invites everyone to join other churches in a prayer walk of the campus of Lincoln County Middle School and the 6th Grade Center on Aug. 1 at 7 p.m. They will gather in the parking area to the left of the high school auditorium, open with prayer, and then spend some time walking the campus and praying for the upcoming school year.

is the popular viewpoint. Many think, “If it doesn’t matter if we win or lose, why keep score?” But that is not God’s way.
Psalms 2 points out that we lose our lives and our will for God. It is okay for us to lose because God will win in the end. We must take refuge in Him – not in ourselves. Let Jesus win! Through losing out to Him, we become winners!
The mission team who went to West Virginia and the youth who went to Cedarmore last week for church camp showcased their week’s work Sunday evening through testimonies and videos.
Congratulations to Heather Young and Chase Grider. They were married Saturday, July 20. She is the daughter of Paul and Sharman Young and the granddaughter of Patty and Larry Young. Chase is the grandson of Allene Blair.
We extend sympathy and prayers to Etta Blanton and Connie Fowler. Their sister Rosealee passed away suddenly on Saturday in Indiana. We also extend sympathy and prayers to Joyce Upton. Her sister Rose Matherly of Boyle County passed away Friday night. John Peek’s great uncle Harold Sizemore passed away last week in Tennessee, and his cousin passed away in Ohio also.
A Beth Moore study called “Living Proof” will be at Pleasant View on Saturday, Sept. 14 from 9 a.m. to 4:30 p.m. It will be a live simulcast. Planning is in progress, and letters will be mailed to churches with more information.
Linda Cooper of Bowling Green, President of Kentucky WMU will be the

guest speaker at the next WMU Association meeting at Willow Grow Baptist Church on Monday, Aug. 5. Men, youth, and children are welcomed. The food and fellowship begin at 6 p.m. in the basement. Willow Grove Baptist Church is located on Hwy. 150 west of Stanford. The van will leave church at 5:30 p.m.
Plans are being made for a free yard sale that is scheduled to be held on Aug. 3 from 8 a.m. to noon. School aged kids’ clothing is needed. They will be setting up at the shelter on Aug. 2 and 6 p.m. if you would like to help in any way. School supplies will also be donated.
The annual Men’s Cake Bake will be Sunday, Aug. 11 at the church shelter at 6:30 p.m. The potluck style meal will have meat provided by two Sunday school classes. Everyone else is to bring a vegetable or salad. The church will provide the bread and drinks, and the men will provide the desserts after their cakes are judged.
On Saturday, Aug. 17 from 9 a.m. to 12 p.m. our Sunday school ministry will hold a training session in preparation for the new year. If you are a Sunday school teacher or leader, you are invited to this important meeting. Breakfast items will be available.
You are invited to a baby shower for Amanda and Daniel Gay on Aug. 3 at 2 p.m. in the fellowship hall at church. They are registered at Buy Buy Baby and Walmart for James-David. Contact Patsy Wells for more information.
“Life Lessons from Mayberry” at Ridgecrest Conference Center is Sept. 24-26. The deadline to sign up and pay your \$50 deposit is Sunday, Aug. 4. Contact Bro. Jerry Hampton for more information.

Stanford Presbyterian members participate in mission trip

In the wee hours of July 1, 2013, 21 members of Stanford Presbyterian Church set off on a trip to the Dominican Republic that had been long-awaited and thoughtfully planned. Only one of us had ever ventured outside of the United States to participate in an international mission program and we were eager to begin our experience, but also filled with nervous anticipation at the things we would do and encounter during the course of our stay. The extreme poverty and poor economic conditions of the country were apparent even from the plane, but the views were more disheartening as we traveled by bus to the SCORE International complex in Juan Dolio. We were struck by the number of buildings and homes along our route that had been abandoned and were falling into extreme disrepair. And the amount of trash that littered the roadside was beyond imagination. It left no doubt that this was a people truly in need. During our six day stay in the Dominican Republic, we visited a girls' orphanage, worshipped with the members of a church in a sugar cane village and distributed food bags that we had prepared for them, assisted in a day care center in a different village, visited an elementary school and interacted with the children there, and spent time at a home that was established to minister to women who had previously supported them-

selves and their children through prostitution.

Not only did we participate in a painting project at this final location, but we met these women and children, heard their stories, and shared scripture and prayers. To say that we were blessed by all that we saw and experienced falls short of description. Witnessing the profound joy of praise through song as the orphanage girls sang, "How Great Is Our God", listening to testimony by Dominican Christians as we worshipped together and seeing and feeling the depth of their faith in light of their poverty, meeting amazing individuals who have given so deeply of themselves because of their devotion to God and their desire to make a difference in the lives of others, and sharing with special women who are striving to better themselves and live righteously through the power of God's Word and the love of God the Father through our Lord, Jesus Christ - in all these ways and so many others, we received much more from the Dominican people than we could have ever given to them.

Our mission team is so grateful to be from such a giving community and we thank all those who gave so generously to our trip and enabled us to provide so many needed items for the children and the adults at the locations we visited and for the SCORE missionaries and their families. Many will benefit

from all that we took with us and everything was received with great warmth and appreciation. A very special thank you goes to our Mission Committee at church and all the careful planning and preparation that took place to make this trip a reality and gracious thanks also to our Team Leader, Mike Taylor, who spent much time and effort arranging our schedule for the week and working with the SCORE directors to make certain all was in place. We are especially grateful to Stanford Baptist Church for the use of their church bus and trailer that provided our transport to and from the Cincinnati airport and to Stuart Underwood, our fearless driver, with assistants Brett Curlis and Andrew McGinnis, who traveled in the early morning hours to get us where we needed to be. We also want to thank all of the churches in Stanford and throughout our area that supported us through loving prayer and gave us inspiration to do something that we so desired.

Lastly, we wish to thank all of the SCORE directors, workers missionaries, and interns who led our team throughout the week and made our time in the Dominican Republic an experience that we will never forget and one that will remain in our hearts forever.

Highland United Methodist Church news

Sunday, July 28, was a beautiful Sabbath day. Several of our regular attendees were back along with some visitors.

We were glad to have Mr. and Mrs. Billy Laswell. Also Lindsey Toohey's mother-in-law, Mrs. David Arnett, worshipped with us. Mrs. Arnett recently lost her husband. Our prayers go out to her especially at this time.

Those added to our prayer request list were Sandy True (friend of Frankie Young's), Heloise Reed (continued eye treatment), Bill Baumstark (in Veteran's Hospital with pneumonia), and an unspoken community family in need of prayer. Special prayer was also offered for Shelby and Pat Reed.

Those with somewhat improved conditions are "Buddy" Smith (waiting for a room at Veteran's Hospital), Kevin Alford (moved to U. K. Hospital) and Jay Caplin (Tennessee). Dawn Cheetham reported how much Jay appreciates our prayers, and he has improved.

Carl Elliott was our birthday person during Sunday school.

Jo Ann Elliott read a beautiful poem that she stated was "My Letter to Jesus." This was written as she recalled what her son, who would have been forty-three years old, had meant to her. He was in her words, "My

Child," before God took him to be, "His Child," at the age of 15. God bless you Jo Ann and Carl as you recall precious moments.

Rev. Scilley's message was based upon scripture from Mark 6:1-13. Emphasis was upon the power Jesus gave the disciples as He sent them out to minister to others. Sometimes the demons which need to be dealt with are not just in the lives of others but in all of us. When we say we can't without trying, I don't have time, my gifts and talents are not great enough, He assures us of His presence and with the encouragement of, "Yes, you can!"

At the invitation time, most all of the congregation went forward to the altar for a time of special prayer.

Next Sunday will be the last Sunday to bring a picture of when you were young which will be used for an activity on "Back to School Sunday."

Saturday, Aug. 3, there will be a men's breakfast at 8:30 a.m.

Our special music for next Sunday may be provided by Isaac Hughes.

Join us at the Highland United Methodist Church where we offer each and everyone what church and worship is supposed to offer, Jesus Christ. Sunday school is at 10 a.m. and holy worship at 11 a.m.

COALITION

From A1

Boyle and Casey county jails, said prisoners and their families are among those who need support from a loving community the most.

In order to provide that support in Lincoln County, Rowland has worked with Lincoln County Jailer David Gooch to create the Lincoln Jail Coalition of Churches, which aims to provide a network of people around the county who can find food, lodging or other resources for prisoners' families.

"We just want to make it easier for people to get all the help that they need," Gooch said. "I really think we will save lives, improve the quality of lives and save souls. It's not a fantasy — this is reality. We're doing it."

As chaplain, Rowland is available to prisoners who request his counsel. When he meets with prisoners, he finds out if they have family members on the outside and if there are any unmet needs.

Then, if help is needed, Rowland does his best through the small but growing coalition network to provide whatever is needed.

People most often are in need of food, clothes or hygiene items.

"Once they have that, we just love them and start working with them," Rowland said.

In one case, he talked to a prisoner who was in jail for manufacturing methamphetamine. The man was facing a lengthy jail sentence and told Rowland he had three kids who "didn't have anything."

After his jail visit, Rowland headed out to find the children.

"When I got there, I saw real fast that what he said was true. The kids didn't have anything," he said. "We went and got them some groceries."

The children wound up being placed in a foster home, and they get rides every week to attend church at New Covenant.

"Those children have come to our church for close to a year," Rowland said.

Rowland said he knows all churches do not minister in the same way, and other churches might not be set up to get as involved with convicted criminals as New Covenant is. But he hopes that won't stop them from joining the coalition and contributing in whatever way they want to.

Gooch echoed those feelings: "The hope is that all the churches in Lincoln County will one day be involved in whatever way they feel comfortable," he said.

Churches could help by providing supplies or funding — but Rowland is quick to note the coalition avoids providing cash directly to those in need, because for some the temptation to purchase drugs would be too great.

Among the groups that have joined the coalition are Geneva Community Church,

Faith Temple, Green River Pentecostal Church, Fort Logan Ministries and the Lincoln County Ministerial Association, Rowland said.

Gooch said he would like to see the coalition grow and link a variety of sources together, all available from a single access point.

"I just hope that we can get one resource where someone in need can call and they can be guided to the place that suits them best. Joel is developing that," Gooch said. "We just want to make it easier for people to get all the help that they need."

Providing support to prisoners and their families is a way to help people out of a spiraling lifestyle where they might continually end up back in jail and never improve their lives, Gooch said.

Gooch envisions a prisoner's family finding a support community while the prisoner is in jail, and then the prisoner joining that community as well upon release. If such a plan could succeed, Gooch believes Lincoln County could begin to see fewer people getting by on welfare and government assistance.

"You've got to think generationally," Gooch said. "It's going to take time. This is a big problem. But I do think you'll see results."

Rowland and his wife, Amber, believe they already have some successful results — the formerly incarcerated members of their congregation who are turning their lives around one day at a time.

Church avoids judgmental attitudes

"You get some (prisoners) that's not sincere, that don't really care," Amber Rowland said. "But then there's ones that really get saved and that's why we do it. If it's just for one, we're going to go (into the jail) every week. If it's just for one, it's worth it."

Candace Moore — the same Candace Joel Rowland mentioned during prayer requests last Wednesday — is one member of New Covenant who was drawn to religion through the Rowlands' jail ministry.

"I've been a drug addict and I've stole a lot in my life," Moore said. "I've chose drugs over my kids."

Moore, a mother of three children she doesn't currently have custody of, has been in jail three times over the last 14 months. While she gets back on her feet, she's currently staying with a couple who attend New Covenant, Tom and Judy Miller.

"At the beginning of this year, I went to the Lincoln County jail from April to May and it's when I really found God again in my life and Joel and them, they came there every week. I loved going to service there," Moore said. "When I came out, I came here. I was out for two weeks and then I went back to jail in Boyle County. But in there, I

studied my Bible and ... I was determined to come back to Joel's church."

Moore said she finds the New Covenant congregation remarkable because they refuse to judge her for her past actions.

"I'm one to be judged and they don't do it," she said. "I've been to a lot of churches in my life and they look down on you just because either you did drugs or this or that. They don't do it here."

Victoria Harold, a New Covenant member who was convicted of manufacturing methamphetamine and has now been out of jail for three months, said she also attends New Covenant because of the congregation's accepting attitudes.

Harold first connected with Rowland while she was in prison.

"I was at the lowest point in my life right then," she said. "I got to go to church upstairs and listen to it all and it brought me up a little bit. I mean, you ain't going to get too big of a great feeling in jail, but it helped me a lot."

A way out

Gooch said providing rehabilitation for people who have become stuck in a life of drugs and crime is essential to prevent recidivism and control Lincoln County's jail population.

A new state law passed in recent years — known as House Bill 463 — was supposed to provide support services to jails in order to help with things like rehabilitation, but Gooch said so far, he's yet to see much in the way of help.

Instead, it's efforts like those from Rowland and the coalition that seem most likely to make a positive difference, he said.

If the coalition can develop a successful model for providing support services, Gooch said he thinks it can be shared with other counties and spread throughout the state organically.

Rowland said a major goal is to grow the coalition to a point where it can operate a facility that would be part homeless shelter, part halfway house.

If that goal can be realized, it would definitely help prisoners escape from their former lives, he said.

But even when rehabilitation fails, it seems the New Covenant congregation is always willing to accept them back and help them try again.

"New start and family is our two biggest things," Rowland said. "Our church is for those that are broken, forgot-about and that no one else really wants."

‘Old grist mill’ to be restored to former glory

By Sarah Hogue

sarah@theinteriorjournal.com

A 173-year-old historical building on Mill Street in Stanford is in the process of being restored to its former glory.

The "old grist mill," as it's known by many, is several stories tall and has held up well for a building its age.

According to Jim Baughman, a member of the historical society, the mill was used to make flour, corn meal and ground grain to feed cattle.

Baughman said the farmers would bring their grain to be weighed on the side of the building. Then, the workers at the mill would grind it up and put it in burlap bags for a small fee.

The mill went out of business in the 1970s after John Baughman Jr. retired. After it went out of business, the building was used as a flea market by Baughman's brother Robert and also housed a realty business run by John.

The building remained in use as a realty business until 2006, when John passed away suddenly.

Local preservationist Jess Correll, who obtained ownership of the building around 10 years ago, is restoring it because it is a landmark building in the community and speaks to a time when the center of the local economy was focused on agriculture.

Correll is the founder and chairman of First Southern Bancorp Inc., the parent company of First Southern National Bank.

He and his wife, Angela, have invested millions in restoration efforts, including work on the First Southern Community Arts Center,

Bluebird Cafe, Kentucky Soaps and Such and other buildings in downtown Stanford.

According to Correll, "the grist mill was the first steam powered mill in Kentucky."

It is currently undetermined what purpose the building will serve once it is fully restored.

"The mill used to be the place for lots of local farmers to come get their grain," said Garlan Vanhook, the architect behind the restoration project.

Vanhook said the restoration will stabilize the mill and protect it from weather damage. When completed, the mill will be safe and more attractive, he said.

Work is being done on the first phase of the project, which includes repairs to the exterior and stabilization of the structure.

Because of the building's size and shape, restoring it is a more complex project than most. Ben Hughes, Correll's assistant, said that is why the builders are focusing on the exterior first, particularly restoring the porches, windows and brick work.

Restoration of the exterior of the mill is expected be completed sometime in October. The interior will not be completed until it is decided what will be done with it.

Correll's hope in restoring the building is to preserve an important part of the community's history and create a more usable business space to help the local economy.

Those involved hope the restored building will also attract more people to the area to enjoy nearby attractions such as the Wilderness Road Guest houses and the historic L & N Depot.

reported it to authorities.

Constable Jesse Harris began the search for him in the early morning hours, Folger said.

State police and all agencies statewide were notified of the Golden Alert.

Gilliam said the intensive local search was suspended about 7:15 p.m., after more than 16 hours of unsuccessfully combing local roads and driveways.

Searchers covered a 10- to 15-mile radius around Sims' home, going down every public and private roadway.

"He was in a vehicle, which makes a search nearly impossible, so we were actually searching for the vehicle," Gilliam said.

Sims was sighted multiple times Sunday morning,

which means he didn't immediately decide to leave the area, Gilliam said.

Sims was found in Ohio shortly before 11 p.m. Sunday. Sims' sister-in-law, Virginia Black, said someone at the Kroger store noticed the vehicle was parked incorrectly and had Kentucky plates. They had seen the Golden Alert and called police. Officials reported Sims was confused but OK.

Black called the newspaper Monday afternoon on behalf of the family to thank everyone for their help in finding Sims, and for their prayers. "It was a long 24 hours," she said. "He drove over 180 miles. It's unreal the people who helped. We have a wonderful county."

Sims served as Lincoln County judge-executive from 1986-1992. Prior to that, he was sheriff.

Old Crossroads Market on 127 may soon reopen as BP station

By Ben Kleppinger
ben@theinteriorjournal.com

HUSTONVILLE — Hustonville may soon have a gas station again. The station known as the Crossroads Market, at the intersection of U.S. 127 and Hustonville's Main Street, closed in late 2012, leaving the city without a gas station. But now it looks like the station may reopen as a BP, based on a recent property transfer and conversations Mayor David Peyton has had with people working on the property. Peyton, who lives directly behind the vacant station, said he talked to a man in June who had come out to measure the

station's canopy in order to replace it with a BP-branded one. The property was transferred from Whitaker Bank Inc. to a limited liability company, WBI Assets, in early April. The property transfer document shows Thomas Hinkebein, president of Whitaker Bank, signed the transfer as the representative for both companies. The document says Hinkebein is the president and "sole member" of WBI Assets LLC. The two companies share the same Lexington P.O. box. The property was transferred for "nominal consideration," but the deed does list the cash value of the property at

\$770,000. WBI owns no other properties in Lincoln County, according to Lincoln County clerk records. Peyton, whose aunt and uncle built the gas station and operated it for the first two years it was open, said if the market does reopen, it will be nice "just to have a place open, to have a place where people gather, where old men can come and drink coffee." An open gas station would likely use 17-18 vendors, each of which would have to pay the city's new \$25 annual business license fee, Peyton noted. It wouldn't be a huge amount of revenue for the city, but it would be "it'll be more than nothing," Peyton said.

The gas station known as Crossroads Market at the corner of U.S. 127 and Hustonville's Main Street has been closed for close to a year, but could reopen soon as a BP, according to Hustonville Mayor David Peyton.

Sheriff's office finds 13 marijuana plants worth estimated \$38,000

By Ben Kleppinger
ben@theinteriorjournal.com

STANFORD — Lincoln County Sheriff's Office confiscated 13 marijuana plants from three different locations around the county July 25, taking an estimated \$38,000 worth of the illegal drug off the market. Four large marijuana plants, which deputies said had been cultivated daily in order to produce large numbers of buds, were confiscated from a residence on Pine Grove Road. William Carter of Pine Grove Road has been charged with cultivating fewer than five marijuana plants, which is a misdemeanor, Lincoln County Sheriff Curt Folger said. Lincoln County Chief Deputy Dan Gilliam said the four plants were "exceptional" for their size and amount of marijuana they would have produced. The plants were about a month away from being harvested, and could have brought as much as \$5,000 apiece, he said. The standard value assessed per marijuana plant in Kentucky criminal cases is \$2,000.

Lincoln County deputies surround confiscated marijuana plants outside the Lincoln County Sheriff's Office on July 25.

Photo by Ben Kleppinger

Deputies also uncovered a pair of marijuana plants growing in a wooded area along Ky. 590 and seven plants growing in a corn field south of Crab Orchard. Two juveniles were cited for cultivating the plants in the corn field. They will face Class D felony charges but will have any records expunged when they turn 18, Folger said. The juveniles were charged after the sheriff's office matched the plants in the field to broken planters in a garage the juveniles had access to, Folger said. Gilliam said it will be harder to catch whoever was growing the two plants in the woods.

"We have an idea of who (planted those)," he said. "We probably won't be able to charge them, but they know we're looking." Counting the sheriff's office estimate of \$5,000 per plant from the four confiscated on Pine Grove Road, the market value of marijuana confiscated Thursday was around \$38,000. On July 16, the sheriff's office confiscated 81 marijuana plants worth an estimated \$162,000 from a residence on Rube Brown Road, meaning a total of about \$200,000 in marijuana plants was confiscated in less than two weeks. Deputies said the confiscated plants will eventually be destroyed at a landfill.

ing, as required by state law. Pruitt seconded the motion. "If you don't move forward with this, you're moving backward," Pruitt said. "You need money to pay your bills." Stanley and Padgett argued the county had saved money through more efficient operations during the last two years and could live without the \$24,000 in new revenue the higher tax rate would generate. A date for the public hearing has not been set. The law requires the county to advertise the hearing in The Interior Journal for two consecutive

he was first elected to office in 1986. Sims, who attended a retirement reception for the two women on Friday, said he still remembers Young and Padgett from his time in office and he counted on them to keep things running smoothly when he had to be out of town on county business. "They're both good girls. I wouldn't trade one for the other," he said. "I love them both. They're good people." Young moved up from her secretarial position to become a deputy judge-executive under Sims. But when Republican James Reed ousted Sims from office in the 1993 general election, Young was out of a job. "I was relieved of my duties. My judge got beat," Young said. Padgett remained on as treasurer through Sims' term. Young found a job working for LifeLine for four and a half years. Then, after Buckwheat Gilbert won back the judge-executive seat for the Democratic Party in 1998, he asked Young to come back as a road department secretary in January 1999. Six months later, Lincoln County's 1-percent payroll tax went into effect, creating a whole new source of revenue for the county. Young was chosen to be Lincoln County's first — and until now, only — occupational tax administrator. The tax, referred to as the "Buckwheat tax" by many at the time, was definitely not popular at first, Young said. "Those first two years, it was sort of rough with the occupational tax, but it's gotten better because people see that ... we're able to do more stuff — better roads, keeping the jail open," she said. Padgett listed creating the payroll tax along with other big moves like implementation of planning and zoning and creation of Cedar Creek Lake as watershed moments during her career, when local politicians put the betterment of the county ahead of main-

taining their own popularity. "Over the years, I've seen the officials do things that they felt like was for the improvement of the county, for the future and for the children of our county," Padgett said. "I think that progress has been made. ... I feel like these are things that only benefit our citizens." During her time as treasurer, Padgett watched the county's annual budget grow from about \$2 million to more than \$8 million, with the coming fiscal year's budget nearing \$9 million. Managing all that money has been a challenging but enjoyable learning experience, Padgett said. "It keeps you thinking and I've enjoyed it immensely," she said. "I think I will miss it. I know I will miss it. But I think you get to a point in time that you just feel like maybe it's time for someone else to take over." Judge-Executive Jim Adams said he has been fortunate to have someone as experienced as Padgett around to provide advice and set him straight if he's doing something wrong. "She's had to be very diplomatic and at the same time, she has to be forceful," he said. "You can't just sit there and not speak your peace when you know that something's not being done that needs to be done."

Adams said when he first took office in January 2011, he hadn't yet learned the importance of maintaining walls between separate financial accounts. One day when Padgett was out of town, he used a check meant to pay a bill to purchase a piece of equipment instead, he said. "When she returned, I received my first lashing from the treasurer," Adams said with a laugh. "And a deserved lashing it was, I tell you." "It's very important that you have a treasurer that does that and is not afraid to speak her peace," Adams continued. "Down through the years, she's learned that she has to do just that and she keeps us in line. She's the heartbeat of

the finances here." As tax administrator, Young has needed to be forceful as well, especially when it comes to tracking down businesses that try to get around paying their payroll taxes. Young said she used to have to travel around the county, making notes whenever she saw a new business that hadn't filed paperwork with her. But even though many Young dealt with on a daily basis were likely not too happy about paying taxes, Young said a big reason she kept her job and loved it for as long as she did was getting to interact directly with so many people. "You learn every day something new. And you learn how to deal with people. Some people you talk to pretty straight. Other people you have to handle with kid gloves," she said. "Some of them have gotten to where they like me pretty well."

Young said she learned a lot about relating to people from her father, Lloyd McGuffey, the namesake of Lincoln County's Lloyd McGuffey Sixth Grade Center. "My dad taught me to be kind to everyone and that's what I've tried to do," she said. "Kindness will get you a whole lot farther than bitterness."

Young and Padgett both have grandchildren — and Young has great-grandchildren — whom they plan to spend more time with now that they're retired. While Young said she will return to the courthouse and visit often, she will also savor getting to sleep in if she wants and doing anything — or nothing. "On a rainy day, it will tickle me to death to get to curl up with a good book," she said. Padgett said she's sure she'll miss the challenge of her job, but she's very glad Young thought of her for the part-time job all those years ago. "It's just hard to imagine that I'm not going to be here anymore," she said. "It's hard to imagine that time has gone by so fast."

Bowen said Austin underwent a five-hour surgery Thursday night. As of last week, he was scheduled to have three more surgeries before Aug. 1. "So far he's doing OK," she said Friday. generate \$770,268 in revenue in 2013, or adopt a tax rate of \$9.9 per \$100 — 4 percent above the compensating level — and generate \$794,339 in revenue, an increase of \$24,000. If the higher rate is approved, taxes paid to the county on a \$100,000 home would go from \$96 to \$99. Though he said he disliked the thought of any tax increase, Faulkner made the motion to consider raising the rate above the compensating level and hold a public hear-

weeks and then hold the hearing within 10 days of the publication of the second ad. In other business, the county said goodbye to treasurer Teresa Padgett, who attended her last Fiscal Court meeting Tuesday after more than 22 years on the job. Finance officer Lee Ann Smith will take Padgett's place, effective today, at an annual salary of \$36,000. "Lee Ann, you've got big shoes to fill," Faulkner told Smith. Padgett said she is retiring to spend more time with her grandchildren and work in her new greenhouse.

Lincoln County Treasurer Teresa Padgett, left, discusses the job with her replacement, Lee Ann Smith, during Tuesday's Fiscal Court meeting. Padgett is retiring Wednesday after more than 22 years as treasurer.

One day all that separates Hart and professional tennis

Stanford teen taking his game to higher level

By Nancy Leedy

STANFORD — Colin Hart's first demonstration that he could make something out of tennis came when he took the courts of the Hilary J. Boone Varsity Tennis Stadium in Lexington for the 2008 KHSAA State High School Tennis Tournament — as a sixth-grader.

There was no mistaking his talent on the courts after that. Hart established himself as a force to be reckoned with on the varsity level in the 12th Region and across the state, advancing to state as a regional runner-up as an eighth-grader then clinching back-to-back regional titles his freshman and sophomore years.

The Stanford teen disappeared from the local tennis circuit when he left Lincoln County High School to be homeschooled, but he never left tennis, having spent the past year traveling the ama-

teur circuit to improve his game.

And now Hart's ready to up his game once again, as the 18-year-old competes in his first professional tennis tournament — the USA F22 Futures in Edwardsville, Ill., Aug. 5-11.

"I really do feel like it is time," Hart said. "I feel like this is the next level to show that I've improved. I need to show that I've improved over the years and this is where all the work comes into play — where I can prove to everybody that I can play with all these (professional) people."

Hart, who has been ranked as high as No. 1 in Kentucky's Junior rankings in the United States Tennis Association, will be competing against some of the best up-and-coming professionals in the sport, with players

LCHS season sports passes go on sale Monday

By Nancy Leedy

The start of the 2013-14 school year is almost officially here, and with it comes all types of sporting activities, like football, volleyball, soccer, basketball, baseball and softball. Tickets for the many games can get pricey really fast, but finding cheap sports tickets isn't as hard as you'd think.

Traditionally, fans purchase tickets one game at a time, however, the Lincoln County High School Athletic Department is offering up a way for Patriot and Lady Patriot fans to save money — season passes.

Athletic season passes for the current fall sports of football, soccer and volleyball and upcoming seasons in basketball, baseball and softball will go on sale Monday at the high school.

Three season passes are available, catering to fans of all ages. Those passes are:

Student Pass: \$25.

THE LINCOLN COUNTY High School boys soccer Patriots are letting their feet do the talking as they prepare for the upcoming 2013 soccer season. The Patriots, led by coach Chaz Garcia, are coming off one of their best seasons ever, finishing 12-7 last year. Lincoln set a new school benchmark at the end of the season, defeating Somerset in the first round of the 12th Region Tournament for the Patriots first ever regional win. Lincoln was eliminated by West Jessamine in the semifinals. At left, coach Garcia tries not to get hit as Ben Estes, center, and Tate Harris battle for a shot in goal during Tuesday evening's practice. Also getting in their kicks, headers and saves during practice were, clockwise from below left: Blake Henderson passes the ball; Nathan Mattingly heads the ball away from goal; Hunter Faulkner works the ball away from Killen Day; and goalie Kyle Peters makes a diving save. The Patriots open the 2013 season on Tuesday, Aug. 20, playing host to Sayre at 6 p.m.

Krossfire 14U team wins 16U tournament

Diamond champs!

THE 14U KENTUCKY KROSSFIRE team won the 16U Future Stars of America Softball Tournament this past weekend at Millennium Park in Danville. Krossfire defeated Blaze, Frankfort Fillies, River City Outlaws, and the Kentucky Softball Club on the way to the title. Krossfire is 19-6 this summer, winning three tournaments and finishing runner-up in another. The Krossfire team is made up of players from Lincoln, Garrard, and Casey Counties and is coached by Kevin Bandura, Mary Beth Hogue, and Amy Thompson. The Krossfire team poses with its 16U trophy above. The team includes: front row – Jenna King, Kaycie Bandura, Olivia Saylor, Mariah Bourne and Kyra Eads; and back row – coach Kevin Bandura, Maddy Day, Sis Logan, Jacque Upchurch, Chyna Dyehouse, Sam Adams and assistant coach Mary Beth Hogue. as high as 200 in the world set to play. Included among the athletes is Eric Quigley, an All-American at the University of Kentucky.

Hart begins the qualifying round of the tournament Friday in Illinois, but he left Tuesday for Louisville to get in a little extra training time with his traveling coach, Brent Kilray.

“I’m really looking forward to it. It’s going to be a great experience and there will be some really tough players there. I know there are really good players in the tournament,” Hart said.

“I’ve never played at this level before, so it should be fun.”

A \$10,000 cash prize is up for grabs in the USA F22 Futures Tournament but Hart won’t be claiming it if he should win his professional debut. No, with college tennis his next goal, Hart says he will forego the money.

“You can play professional tournaments, you just don’t accept the money,” said Hart about staying eligible. “As long as I don’t accept money, I can still play in college.”

“I figured that I should take this step to better prepare myself for college so where I can hopefully go to a

Division I school to play,” he said. “They (UK Men’s coach Cedric Kauffmann and Carey Reuben) suggested that I get the experience of playing against professional level players.”

Hart, who lists UK, Austin Peay University and Gardner-Webb University as possible college choices, says he’s made very little changes in the way he practices but does admit to upping his competition level.

“I’ve played quite a bit of men’s tournaments to get ready for this tournament, small money tournaments here and there,” he said. “I’ve played several top-notch college players over

the past few months.”

And how has he fared against the more experienced players?

“I’ve done quite well, surprisingly,” said Hart. “I’ve made a few quarterfinals and then made the finals. All the players are really good in all those tournaments. There is no easy way in those tournaments.”

If Hart ever has a case of nerves when he’s competing, it’s never been obvious whether at the high school level or on the amateur level. But is the even-tempered Hart a little nervous about taking the court in Edwardsville, Ill. Friday to begin the qualifying round of

4K Run, Bike or Hike to benefit AMC’s Hope Lodge set for Aug. 17

The fourth annual Rockcastle Regional Hospital Run, Bike or Hike is set to take the starter’s horn at 8 a.m. on Saturday, Aug. 17.

The event, which will begin and end at the Lake Linville Recreational Area (near I-75 exit 62), will feature a 2-mile walk, 5K run, and a duathlon, and all proceeds go to the American Cancer Society’s Hope Lodge in Lexington.

The duathlon is a 3.1-mile run followed by a 16.8-mile bike ride and a 2.2-mile run.

More than 200 athletes are expected to participate in the annual event, which attracts competitors from across Kentucky and other surrounding states.

Pre-registration for runners and walkers ends Aug. 12 at noon, but athletes may also sign up on race day. The pre-registration fee is \$15. Race day registration is \$20. The duathlon is pre-registra-

tion only – deadline also Aug. 12 at noon – and the fee is \$45.

The fastest male and female walkers in the 2-mile walk will receive awards. Awards will also be presented to the fastest male and female in the 5K run and the duathlon. The top three males and females in each age division of both the 5K and duathlon will also be rewarded.

The age divisions being contested in the 5K are: 12-under, 13-17, 18-24, 25-29, 30-34, 35-39, 40-44, 45-49, 50-54, 55-59, 60-64, 65-69 and 70-up. The duathlon divisions are: 16-under, 17-24, 25-34, 35-44, 45-54 and 55-up.

The Rockcastle County Chamber of Commerce and UK HealthCare are co-sponsoring this year’s event.

For more information on the annual Run, Bike or Hike event, go to rockcastleregional.org/runbikeorhike.

main event before Lee settled into the top spot on lap 2. Lee started lapping slower traffic on lap 10 and continued to pull away from Rattliff. The Danville driver maintained his spot at the front the remainder of the race to score his third win of the season at Ponderosa Speedway. Rattliff took second, while David Webb finished third. Ricky Arms held off the challenges of Jeff Watson to claim the fourth spot.

A trio of cautions slowed the start of the 20-lap Bluegrass Drug Store Modified main event, but once action got underway, it was Benji Lee all the way. Lee, the current Modified points leader, jumped out in front early and showed the way as he grabbed his first win of the season in the division. Keith Smith took runner-up honors, Elliott Despain finished third and J.T. Ayers nipped Tommy Bailey in a photo-finish for the fourth spot.

Todd Coffman proved once again that he was the man to beat in the 20-lap Smith Automotive Machine Shop FASTRAK Late Model main event, leading the entire dis-

tance to claim victory. P.J. Feistritz came in second behind Coffman. Dusty Maybrier placed third overall, followed by Gary Yeager in fourth and Chris Fair in fifth.

Derek Bottoms took the lead from race leader Donnie Sullivan on lap 8 of the D&D Pallet Recyclers Sportsman main event and survived a green/white/checkered restart and finish to claim his first win of the season in his #93 Chevy Impala. Glen Hounshell, Jr. finished second, Jeremy Howard ran third, Chad Barrett was fourth and Avral Thompson rounded out the top five.

FARM FACTS

Proper mangement improves
summer forage

Hoping and praying. This is usually about all we do for pasture management this time of the year. We hope and pray that the summer won't be too hot and dry. The majority of our hay supply is already baled up by now, pastures are still growing and there's not much we can do in terms of forage management right now. Please don't agree with me because this statement is not true. There are a lot of forage management practices that can be used now to improve forages.

Anybody can grow forage during the spring and the fall. But the biggest thing that separates the good forage producers from the great forage producers is their summer forage management program. Here are a few recommendations that you can use over the next couple of months.

•Cover your hay. This is the most important thing that you can do during the summer to improve your profitability. If you store round bales outside on the ground, one-third of every bale will be rotten and wasted by the time you get ready to feed it this winter. Cover the bales by putting them in the barn or putting them under a hay tarp. You can also save hay by getting the bales off the

ground, either on a gravel bed or on poles, tires, pallets of something of the sort. There's no way to overstate the importance of proper hay storage.

•Use proper grazing management. One of the ways to produce more forage from tall fescue pastures during the summer is to keep pastures from being overgrazed. Let cattle graze a pasture down to four inches, and then move the cattle to another field. The plants in the pasture should have a three to four week rest period for them to regrow and provide good pasture again.

•One large pasture that's continually grazed won't produce as much forage during the summer as it would if it were divided into smaller "paddocks" and then you moved cattle among the paddocks. If you can provide three to four weeks rest for each of the paddocks, you'll improve the production and quality of the forage from these fields.

•Take advantage of the summer forages. Nature has provided several forages that are adapted to grow during June, July, and August. Common bermudagrass, Johnsongrass, crabgrass and dallisgrass are good examples of

grasses that are in our pastures without any effort on our part. If you need a little extra summer forage for grazing and there's a field that contains a lot of these grasses, apply 100 pounds of ammonia nitrate per acre to promote extra growth.

•Get ready for stockpiling. It's never too early to think about stockpiling tall fescue. As we move into late summer, let cattle graze the pastures and hay fields that you intend to stockpile to remove all of the summer growth. This will allow for new lush and nutritious growth. Try to stockpile one acre of tall fescue for each cow. You should apply 150-200 pounds of ammonia nitrate per acre around August 10. Keep the cattle off these fields until late November. Then turn the cattle in to enjoy the feed. This greatly reduces hay feeding and thus reduces feeding costs.

These are just a few ideas to improve your summer forage production. If you can put these into your management program, you'll be taking steps toward improving your profits and turning yourself into one of the top forage producers in the state.

For more information, contact me at the U.K. Extension Office at 365-2447.

Meade to host Comer
Public invited to luncheon

State Representative David Meade has announced that on Friday, Aug. 9 Kentucky's Commissioner of Agriculture, James Comer, will be visiting the area.

Comer, who is from Monroe County, was elected in 2011. He received more votes than all candidates running for statewide office that year. Since taking office, he has focused on expanding markets for Kentucky's agriculture products, enhancing rural economic development, adding transparency to the Kentucky Department of

Agriculture, and promoting the Kentucky Proud Program.

During his visit Comer will join Meade for a radio program on WPBK FM 102.9. The 30-minute segment will feature the two leaders discussing a wide-range of issues including Comer's recent launch of the milk "Udderly Kentucky" which is entirely produced and processed in Kentucky. The program will air live at 11:30AM and will also stream live at www.WPBKfm.com. Listeners can use the social networking site, Twitter, to

send questions to Comer and Meade which they will answer on the air.

"I appreciate Commissioner Comer's willingness to visit our community. He has proven to be a great leader in our Commonwealth and I look forward to talking about agriculture and other issues important to this area with him," Meade said.

At noon the community is invited to join Commissioner Comer and Representative Meade for a public luncheon at the Kentucky Depot Restaurant in Stanford.

Kentucky Department of Fish and Wildlife
Quota hunts and public
land hunting information
moves to online only

Information about quota hunts and public land hunting has moved out of the printed fall hunting guide and is now available online only at fw.ky.gov. People may apply for quota hunts during the month of September only.

The change follows the migration of quota hunt applications from paper forms to online and telephone several years ago.

The Kentucky Department of Fish and Wildlife Resources is working to increase the use of technology to increase customer service. Placing quota hunt and public lands information online allows the department to update information immediately, instead of making people wait until a new guide is published.

Kentucky Fish and

Wildlife conducts quota hunts on public lands for deer, pheasant, quail, upland birds and waterfowl. The department's website details hunt dates and other quota hunting information. Hunters may apply for these hunts online at fw.ky.gov or by calling 1-877-598-2401. The non-refundable application fee is \$3 for each hunter.

Hunters and trappers who want a physical copy of what's online will be able to print out the pages. Customers with additional questions about seasons or regulations can call the department at 1-800-858-1549 from 8 a.m. to 4:30 p.m. (Eastern) on weekdays, or e-mail the Information Center at: info.center@ky.gov.

Printed copies of the 2013-14 Kentucky

Hunting and Trapping Guide will be available in early August wherever licenses are sold. The annual guide, which is now available on the department's website, details seasons, bag limits and other regulations for deer, elk, bear, turkey, small game and furbearers.

Ephraim McDowell Health receives award

Ephraim McDowell Health is one of only five hospitals in the nation to be recognized by the American Hospital Association for providing healing care to those least able to obtain medical care. The NOVA Award recognizes the collaborative efforts that have made the Hope Clinic and Pharmacy a national symbol for health care providers and communities seeking to fill the gaps between those who have access to medical care and those who do not.

The Hope Clinic and Pharmacy story is best told through the numbers of patients served and their medical outcomes. In just six years of service, the Hope Clinic and Pharmacy has provided care to 1,241 patients during 4,287 clinic visits, and filled more than 25,000 prescriptions. Many of the patients of the Hope Clinic and Pharmacy are suffering serious medical issues based upon years of neglected health care and lifestyle decisions. The outcomes experienced by these patients supports the value of the clinic and why it has become a national symbol for health care.

66 percent of clients decreased their cholesterol level

57 percent of clients decreased their blood pressure

48 percent of clients

reduced their diabetes risk through a lower A1C

97 percent of clients would recommend the clinic

Ephraim McDowell Health president and CEO, Vicki A. Darnell, is acutely aware of the importance of the care delivered by the Hope Clinic and Pharmacy. “It just resonates true, the very significant impact the Hope Clinic has on these folks. I’m really convinced, without this program, many of these people would not be alive right now,” she says.

Despite the charitable collaboration between Ephraim McDowell Health, Ephraim McDowell Health Care Foundation, The Salvation Army, Heart of Kentucky United Way, Presbyterian Church of Danville and the Boyle County Health Department, in supporting the Hope Clinic and Pharmacy, patients are not treated as charity cases according to Audrey Powell, R.N., executive director of Community Services. “They are treated with dignity. The Hope Clinic really stands out to them as a place where they are listened to and treated with respect.”

Ephraim McDowell Health is honored that the Hope Clinic and Pharmacy has been recognized by such an austere organization as the American Hospital Association as a national model for health care.

Middle School presents “The Little Mermaid, Jr.”

EVIL SEA WITCH "URSULA" was portrayed by Taylor-Grace Mingo, center, during Lincoln County Middle School's presentation of the musical "The Little Mermaid, Jr." in the spring semester. "The Little Mermaid Jr." is based on the story of Ariel, a mermaid princess, who becomes dissatisfied with life under the sea and curious about the human world. Ariel was played by Madison Cornett in the middle school performance.

LEGAL NOTICES

PUBLIC NOTICE 2013 PROPOSED TAX RATE PUBLIC HEARING

The Crab Orchard City Commission will hold a public hearing on August 15th, 2013 at 6:00 p.m. at City Hall on Main Street, Crab Orchard for the purpose of obtaining comments from the public regarding the proposed tax rate.

The tax rate levied last year was 12.5 cents per \$100 of assessed property and produced revenues of \$21,438.

This year's compensating rate is 12.6 cents per \$100 and will produce revenues in the amount of \$22,280.

The Crab Orchard City Commission proposes a tax rate of 13.1 cents per \$100, which will produce a total of \$22,472 in revenues. Revenue expected from new property is \$64.00; revenue expected from personal property is \$868.00. This proposed tax rate reflects a 4% increase in anticipated revenue.

Revenue in excess of last year's revenue will be used for the Crab Orchard City Commission's General Fund.

The Kentucky General Assembly requires that the Crab Orchard City Commission publish this notice with the above information contained herein.

Admission requirements restrict some lab-based courses to students that are 15 years old or older.

Both lab-based and text-based courses are available in Vocational Agriculture, Business Education, Family and Consumer Sciences, and Industrial Technology Education. Some upper level courses may have prerequisite requirements. Computer keyboarding or another proficiency requirement is required for all freshmen but is offered to any student in grades 9-12.

The following Career and Technical Programs are available at the Garrard County Vocational School to Lincoln County students in grades 10-12: Auto Technology, Carpentry, Drafting, Electricity, Health Services, and Welding. The vocational school is located in Garrard County and transportation is provided. Admission to these programs is open to any student enrolled in Lincoln County High School and Fort Logan High School that meets the eligibility criteria based on age and pre-requisite requirements.

Lincoln County's Area Technical Center is located adjacent to Lincoln County High School and offers programs to all Lincoln County Students under the eligibility criteria of age 15 or older. Program courses include: Industrial Maintenance, Machine Tool Technology, Information Technology, Wood Product Manufacturing, and Health Services.

Lincoln County's Adult Education Program has office hours at the Center. Adult Education Programs are conducted at various sites throughout the county with GED, Computer Classes, and other career skill building coursework. Students interested in adult education programs should contact Melissa Rolph 606-365-9665.

A look back at some of the best photos from last school year

Educator Jason Lindsey, also known as "The Science Guy," paid a visit to McGuffey Sixth Grade Center on Oct. 4, 2012, to wow Lincoln County students with some Halloween-themed science experiments. In the experiment pictured above, Lindsey used explosive gas to blow out the eyes, nose and mouth of a jack-o-lantern.

Above: Jennifer Jackson, wife of Lincoln County girls basketball coach Jeff Jackson, gets hyped up as the team prepares to leave Stanford for the sweet 16 in March. The girls were eliminated in the first round of the tournament, but hung around to cheer for another team, Notre Dame, which had made an unexpected appearance in the tournament and didn't have a large fanbase in Bowling Green for the games.

At left: Education administrators and members of Lincoln County High School's "turn-around team" talk in groups during a weekly organizational meeting in January on how to improve student success.

Crawford-Willis, who has studied the educational effects of dance, says getting kids to dance helps them perform better in a wide variety of educational areas.

Letter From Your Principal

Stanford Elementary

Stanford Elementary Students and Parents:

I could not be more excited to see each one of you on August 8. I hope you have had a wonderful summer and you are ready for an exciting 2013-2014 school year. With each year come new teachers, new classmates, new schedules, and new experiences. Each year provides an opportunity for all of us to develop a new and improved attitude, to grow new work habits, and to discover a new sense of gratitude for all that we have been given. My hope is that we will come to school this year with a very positive attitude, willing to make the most of the opportunities of a new school year. Don't forget our Open House on Tuesday, Aug. 6 from 5:30 to 7 p.m. I can't wait to see you.

Mr. Dan Story

## Crab Orchard Elementary

Dear Parents,

The staff and I are very excited to welcome you and your child to the 2013-2014 school year. We are looking forward to a productive year with you to ensure our children can achieve their highest potential. We recognize that in order to be successful in school, our children need support from both the home and school. We know a strong partnership with you will make a great difference in your child's education. As partners, we share the responsibility for our children's success and want you to know that we will do our very best to carry out our responsibilities. We ask that you guide and support your child's learning by ensuring that he/she:

- 1) Attends school daily and arrives on time, ready for the day's learning experience
- 2) Completes all homework assignments given by teachers
- 3) Reads daily to develop a love for reading and to improve literacy skills
- 4) Shares school experiences with you so that you are aware of his/her school life
- 5) Informs you if he/she needs additional support in any area or subject
- 6) Knows that you expect him/her to succeed in school.

If you have any questions during the year and want to schedule a meeting with your child's teacher, call to schedule an appointment. Any questions you may have I will be glad to speak with you about them, please call 355-2331.

Finally, I would like to invite you to come to our school and get involved. If you don't feel comfortable volunteering for a classroom then just come to have breakfast or lunch every now and then. It really makes a difference for your child when they know that you want to take part in their education.

Sincerely,  
Dreama Tomlinson,  
Principal

Highland Elementary

Hello Highland Elementary Family!

I hope you are as excited about the beginning of the 2013-2014 school year as I am. We have been working hard this summer to make sure the building is ready for the return of our students. The custodians, teachers, and other staff have been in the building throughout the summer preparing for our first days

of this school year. They have shown that they are dedicated to the students and families at Highland.

We hope to see many of you at our Open House on August 6 from 5:30-7:00. We are asking that all parents/guardians attend a brief opening session at 5:30. After this orientation, parents and students may visit with their teachers for the 2013-2014 school year.

I hope you enjoy the last few days of your summer break, but I can't wait to get this school year off to a great start. I am counting on this being the best year yet for Highland Elementary. I know that we are going to be the best Highland Aviators that we can be and that we will work together to "Soar to Success".

Sincerely,
James Carrier,
Principal

## McKinney Elementary

McKinney Welcome Back!

The 2013-2014 School year is upon us! I would like to welcome all of the students and staff back to McKinney Elementary for what promises to be another wonderful year. We can't wait to see those big yellow buses rolling in again and those smiling faces coming off of them and into our school.

This is the part where I am supposed to tell parents all of the details about the practices, efforts and dedication of our staff, but I think I will break from the norm and be a little less formal this year. So, parents it is this simple, we love your kids and we appreciate the trust you put in us to educate them and just as importantly we really appreciate the support you give us here at McKinney Elementary. Your child's path to success is much easier to navigate when we work together and support each other's efforts, and I want to thank you for doing that for us but more importantly for your child. We look forward to another year of working

with you and assisting your child along that path.

As for our students; WE HAVE MISSED YOU! We hope your summer has been fun and you have gotten many opportunities to play and enjoy your friends and family. We look forward to seeing you and hearing your stories of what you did this summer. I know you want to get back to school, see your friends and teachers, and take part in all of the learning opportunities your teachers have prepared for you. So bring that energy and that smile with you, enjoy the rest of your summer and we will see you soon!

Sincerely,  
Jeff Craiger  
McKinney Elementary  
Principal

McGuffey Sixth Grade Center

Teachers and staff at the McGuffey Sixth Grade Center are looking forward to welcoming our new sixth graders to the 2013-2014 school year!! Sixth grade is such an exciting year full of new challenges, making new friends, learning new things, and finding out what middle school is all about. I realize that these changes may be a little scary, but if you will come to school willing to work hard and with a respectful attitude, you will be successful and this will be your "BEST" year ever.

## Hustonville Elementary

We wish to welcome back all students, parents, staff, and Hustonville Elementary supporters for a brand new school year. Great efforts were made over the summer to prepare ourselves and our school to be and to look the best, because we feel that our students deserve the best. We encourage every student to begin to mentally prepare with a great attitude

to have a great year and start conditioning themselves by practicing good daily sleeping and nutritional habits. I am proud that our entire school staff, parents and students are first class and we can only be our best when we all feel that anything less than that just isn't good enough. We have high expectations for your children and ourselves and intend to meet these expectations. New for this year will be noticed that teachers will be incorporating Lexia reading and Go Math for the first time with our students to target the identified instructional needs of our students.

We wish to thank parents in advance for making sure that your children will come to school each day, on time and do not check out early. We know that good student attendance is directly related to good student achievement and, poor attendance contributes to poor achievement. We have to keep our focus on continued improvements in every area.

We appreciate our PTO for supplying many of the classroom school supplies for every classroom again this year, and hope that you do too. Money raised through-

out the year by the PTO is used to buy these supplies and lots of other things we use for students. So, when the PTO has the Fall Festival or conducts other fundraisers, please help them so that you are helping all of our students.

We appreciate the efforts that parents will make to complete all of the paperwork that we must collect from you at the beginning of the year in order to keep our school operating efficiently. Each paper form is required by all students as a part of procedures that we must adhere to in order to comply with regulations placed on us as a public school. These forms also help us to stay organized and to keep our students safe and accounted for.

We appreciate visitors adhering to the posted signs at all of our schools as this helps us to maintain a safe and orderly environment to teach students and to avoid transportation problems. Please notice that all Lincoln County School properties are now tobacco free at all times and we appreciate your helping us with this.

Unchanged, will be that we again open our doors at 7:40

AM and dismiss car riders at 3:20 and we appreciate your patience in the afternoons. Students should not be on campus outside of these times because there are no staff members assigned to supervise and care for them. Some of our bus routes have changed a little and drivers will appreciate your patience as they become proficient over the first few days with those routes. We are fortunate to have caring and accomplished drivers to transport our kids twice a day and hope you will show them your appreciation.

We hope that the One-Call telephone messaging service is beneficial to keep you informed of school wide information. You will receive calls from our school or from the district from time to time. One valuable use for this will be if there is ever a time when bad weather or another emergency develops during school hours and we need to notify parents of details. This is why we need a current updated phone number for everyone at all times so you can receive this information immediately.

Thank you,  
Don Leigh, Principal  
Hustonville Elementary

# Make the morning rush less hectic

Weekday mornings during the school year can be hectic. Parents who must get their youngsters ready for school while preparing for their own day often find themselves rushing through the morning and wishing there was just a little more time before they had to run out the door.

While parents can't add another hour to the morning unless they wake up earlier, there are ways they can be more efficient in the morning. An efficient morning is typically a less hectic morning, and the following are a few ways families can work together to make more efficient use of their time on weekday mornings during the school year.

- Get a head start the night before. Perhaps the most effective way to make mornings less hectic during the school year is to accomplish as much as possible the night before. Instead of making kids' lunches each morning, make them at night right before you go to bed. Along with your kids, lay out their clothes for the next day before they go to sleep each night. This way kids won't waste time in the morning agonizing over what to wear, and they're liable to put up less of a fuss in the morning if they had a hand in choosing their attire for the day.
- Avoid turning your kitchen into a diner each morning. Breakfast is the most important meal of the day, but it also can be the most indecisive meal of the day. Kids likely won't want to eat the same thing for

breakfast every day, but give them fewer options so you aren't wasting time discussing what they are going to eat. The more closely your breakfast options resemble those of a diner, the more time your child is liable to waste choosing what to eat.

- Limit time in the bathroom. Spending too much time in the bathroom is another way families waste time on weekday mornings. Bathroom time should be limited to a set amount of time per person so everyone can get where they need to go on time. How much time adults and children spend in the bathroom each morning should depend on how many bathrooms you have and how many people are sharing those bathrooms. But even if everyone has their own private bathroom, try to limit the time you spend in the bathroom to 15 minutes per person. That should be plenty of time to shower, use the restroom and brush your teeth.

- Locate must-have items before going to bed at night. Your school-aged youngsters and you will need certain things before you can leave home every morning. Car keys, cell phones, wallets, eyeglasses, and backpacks are a handful of items all of you will need at some point during your day. Locate these items before you go to bed each night and place them in the same convenient place each night. This saves you the trouble of running around in the morning looking for lost car keys or wondering

where your youngster's eyeglasses ended up the night before.

- Turn the television off in the morning. Watching television in the morning can be very distracting, which can make it harder for adults and kids alike to get out the door on time in the morning. Kids might want to watch cartoons, which may keep them from preparing for school or brushing their teeth. And adults can grow easily distracted by news programs and morning shows, which will eat up time they need to get ready for the day ahead.

- Gas up the car the night before. A pit stop at the gas station en route to school or the office will only add

to the hectic nature of the morning. Check your fuel gauge each night before arriving home and refuel your vehicle if it's running low. This gives you a little

extra time to relax in the morning and reduces the risk that you or your child will be late for work or school, respectively.

Weekday mornings during

the school year can quickly become frenetic. But a few time-saving tips can ensure you and your youngsters start each morning off a lot more relaxed.
